CUBAN AMERICAN MUSIC FESTIVAL 2023

Celebrating its 6th season, an artistic cultural explosion centered around the vibrant cultures of Latin America is coming back to Los Angeles! Yambu Productions proudly presents the Cuban American Music Festival. The Festival will not only bring the Cuban American community together, but introduce Angelenos to the rich Cuban culture through music, food, drinks, and dance.

Listen to the most popular Cuban American bands in LA during this one of a kind festival. Attendees will enjoy the sensational music from some of the greatest bands in Los Angeles.

The Cuban American Music Festival will delight the senses with authentic dancers, food, music, and local Cuban American artists. There is something there for everyone in the community to come and enjoy. We aim to fully encompass all of the Cuban American culture and celebrate it with the diverse community of Los Angeles. It is through this vision that we will cement ourselves as the premier Latin American festival in the Los Angeles area for years to come.

Join us for this exciting festival by becoming a sponsor!
